The NMSSP: A More Comprehensive Approach

The 2017-2021 Shared Strategic Plan:

- * Recognizes the need to address risk factors across Chronic Diseases and the determinants of health rather than addressing specific diseases in silos.
- * Is a whole-system approach that focuses on risk factors that affect multiple diseases.

2019 NMSSP Operational Plan

- Prioritized 3 of 9 Goals with supporting strategies & actions to focus on in 2019
- 3 Priority Goals, & Strategies with Actions for 2019
 - 6 Secondary Goals and Strategies
 - Spotlight activities will highlight work being done around the state.

2019 Priority Goals

- * Goal IV: Ensure the **genuine inclusion of priority populations** in the planning, design, implementation, feedback, and evaluation of activities contained in the plan.
- * Goal V: **Increase access to chronic disease prevention** and self-management opportunities for people within their communities.
- * Goal IX: **Prioritize health equity** by actively improving the conditions in which people live, work, worship, learn and play.

Spotlighting Some 2019 Activities

- * Finished the People Experiencing Economic Injustice project (Goal IV)
- * Provided two Anti-Oppression Workshops (Goal IV and Goal IX)
- * Continued to develop the New Mexico Allied Council on Tobacco, assisted passing a state and city bill (Goal IX)
- * Developed the Diabetes Prevention Workgroup (Goal V)

The 2020 Priority Goals

The header features a solid blue background with the title in white. Below the blue area, there are several overlapping, wavy, light blue shapes that create a sense of movement and depth, extending across the width of the slide.

Goal I – Build support for policies and create built environments that promote healthy, safe, and convenient physical and behavioral activity throughout New Mexico across the lifespan.

Strategies

- * Support and identify community resources to create joint use agreements to open schoolyards for community use during non-school hours.
- * Advance and develop walking and biking trails in multiple settings.
- * Partner with key community stakeholders to identify and build support for safe opportunities for physical activity.

2020 Priority Goals

- * Goal I: **Build support for policies and create built environments** that promote healthy, safe, and convenient physical and behavioral activity throughout New Mexico across the lifespan.
- * Goal V: **Increase access to chronic disease prevention** and self-management opportunities for people within their communities.
- * Goal IX: **Prioritize health equity** by actively improving the conditions in which people live, work, worship, learn and play.

Next Steps

- * The Steering Committee will incorporate your activities and feedback to advance the 2019 Operational Plan.
- * **Thank you very much!**
